**FOR IMMEDIATE RELEASE**

**LEAD Receives Visual Studio Magazine Readers Choice Award  
2007 Marks Eleventh Year LEAD is Recognized as Readers Choice Award Recipient**

**Charlotte, NC (June 6, 2007)** - LEAD Technologies is pleased to announce that the LEADTOOLS Document Imaging Suite SDK was chosen for a Visual Studio Magazine Readers Choice Award. The award was presented at the Readers Choice Awards Ceremony, during the Microsoft TechEd Conference in Orlando on June 6. These awards, chosen by Visual Studio Magazine's readers, honor excellent software in 22 development categories.

LEAD was awarded the Readers Choice Award in the Imaging and Graphics category for the LEADTOOLS Document Imaging Suite toolkit. With LEADTOOLS Document Imaging Suite, developers can leverage the power of the .NET Framework and LEADTOOLS in their document imaging application. Features include OCR, annotations, bitonal image processing, display filters and enhanced performance, specialized storage and compression including MRC and JBIG, high-speed Twain scanning, and more. This is LEAD's eleventh year of being honored as a Readers Choice recipient.

**About LEAD Technologies**

Since 1990, LEAD Technologies, Inc. has been a global leader in the imaging developer toolkit market, providing programmers with feature-rich tools to "image-enable" their software applications. LEAD Technologies pioneered the fastest software-only image compression and continues to lead the field in advancing new imaging technologies and offering those technologies to programmers worldwide.
