FOR IMMEDIATE RELEASE

LEADTOOLS ePrint Now Available for Windows Terminal Server

Charlotte, NC (August 18, 2005) - - - LEAD Technologies, Inc., a LEADing provider of imaging developer toolkits, announces the immediate release of LEADTOOLS ePrint Terminal Server Edition. ePrint TS is perfect for companies needing to purchase multiple copies of ePrint without the hassle of installing it on each individual employee's computer. ePrint TS provides system administrators with a centralized location for ePrint software installation as well as updates and upgrades.

ePrint TS includes all the great features of ePrint IV - file conversion/creation, broadcast printing, document merging, and more without the extra work of maintaining it on multiple client machines!

Key Features:

- Runs on Windows Terminal Server
- Session Management
- File format conversion (150+)
- PDF Creation/Conversion
- Email options
- Enhanced Printing

ePrint TS has a 'Users Manager' which allows the system administrator to add, find, delete or modify users. The number of users added depends on the number of licenses you have purchased.

ePrint TS can be installed on Microsoft Windows 2000 Server and later (with terminal services installed), with and without Citrix.
